

Enhance-It

Ai-Powered Image Enhancer

Terms & Conditions For Enhance-It Usage

Enhance-It is an AI-powered project developed by Rishi Mailloorkar under the AI Research Lab at QD&Co. By accessing, using, or referencing this project, you agree to the following usage terms:

1. Credit Requirement – You must credit Rishi Mailloorkar and QD&Co. for any usage or adaptation of this project. – This includes forks, re-uploads, showcases, documentation references, or integrations.
2. Respect for Design & UI – The interface and design elements of Enhance-It are original creations. – You may not copy the UI/UX directly. Inspired usage must clearly reflect changes and acknowledge the original.
3. Commercial Use – This project is open-source for learning and experimentation only. – Commercial usage or resale of this tool requires explicit permission.
4. Data Handling – Do not use this project for unauthorized data collection or scraping.
5. Research Context – Enhance-It was built using modern AI technologies and frameworks, as documented. – Referencing the technical structure is encouraged, but duplicating the complete logic or interface is prohibited.
